

Factory Training Delivers Real-World Insight

Class participants agree: hands-on training makes the difference.

Class 1

Introduction to AUMA, Operation, and Startup

Get to know commonly used AUMA equipment — including SA, SQ, AM, AC, Seven Series, ProFox, GS, and GK products.

This class offers a practical overview of:

- Equipment identification (without teardown)
- Nameplates, datasheets & field drawings
- Basic functions & operation
- Startup and commissioning procedures
- Warning, fault, and operational information identification
- Introduction to the AUMA Assistant app

Whether you're new to AUMA or need a refresher, this session will help you understand how to operate the equipment, perform start-up and commissioning, and access key information — all before reaching out to technical support.

Class 2

Service & Maintenance Training

Take your AUMA knowledge to the next level with this hands-on, in-depth training session. Building on the fundamentals from previous classes, this course covers:

- Full equipment teardown and reassembly
- Installation of customer-replaceable components (power supplies, motors, contactors, board stacks, etc.)
- Advanced fault and warning diagnostics
- Menu navigation for AC and Seven Series actuators
- Expanded use of the AUMA Assistant app
- Introduction to CDT 2020 configuration software

Perfect for technicians and service personnel, this class equips you with the skills to confidently maintain and troubleshoot AUMA actuators in the field.

Additional Details

Class 1 \$1075 USD per attendee | 1.5 day training session (total of 10 hours) - All attendees will receive digital copies of training materials and the primary tools needed to perform basic startup and commissioning.

Class 2 \$1153 USD per attendee | 2.5 day training session (total of 17 hours) - All attendees will receive digital copies of training materials and an AUMA Tool Kit with required tools for basic service, maintenance, and repairs.

For all training classes it is recommended attendees have the AUMA Assistant Application preloaded onto their mobile device and have completed registration for an AUMA account, prior to attending training. For assistance with this process please contact the AUMA Service Department.

All classes are filled on a first-come basis, class sizes are limited as training is hands-on.
