Article no.	Description
Z100.959	Service-converter-USB-Bluetooth-V5.0 1-assy The listed USB Bluetooth service converters are not manufactured by AUMA. The Bluetooth trademark is being used in reference to the brand owner of the product.

Installation

The USB Bluetooth service converter enables wireless communication and data transmission between a PC (via the AUMA CDT software) and the AC 01.2 actuator controls.

1. Install AUMA CDT software on the computer.
2. Connect USB Bluetooth service converter to the USB port of the computer.

3. Establish connection to the AC 01.2 via AUMA CDT software.
